Exchange programmes to mainland China or overseas by appropriate organizations	To subsidize students to participate in exchange programmes to widen their horizons & equip them to be leaders in the 21st Century	Students gifted in specific fields and nominated by teachers	Whole year	Cancelled	Nil	Miss LH Li and Mr. W.Y. Wong

	Overall evaluation:	Reviewing the student achievements and the performances, it is recommended to offer these programmes in the next year. More programmes can be organized and senior students will be encouraged to make use of the Gifted Education DLG Funds. From the post-contest and activity feedback made by the participating students, points for improvement could be identified and appropriate suggestions for improvement could be made. Some modifications, e.g. affective education elements such as stress management could be introduced at the end of some competitions or activity to enhance the well-being of students preparing for the participation in the competition and more sharing and celebration can be made at the end of the activity.
